

Epsilica

Epsilica are specialist practitioners in governance, PMO, programme delivery, outsourcing, organisational change and technology innovation. These skill sets together, provide us with them experience to solve your challenges and design a culture that helps their clients outperform.

We work with them closely helping them deliver a strong brand, a great website, insightful content and various project collaborations.

Visit www.epsilica.com for more information.

“ We’re working on a three year rebrand for Epsilica and The House have really been pivotal in shaping not only the image of the company but our own team too. They work with us like they are part of our own team and their constant creative flow is a joy to bring to our own ethos. Their ideas go beyond any other agency we have ever worked with and we couldn’t recommend them highly enough.

Mitul Thobhani - Founder & Senior Partner at Epsilica Consulting
